Digital Notice Board Enhancements

Enhancement

Upcoming

Scheduled for 20 Mar 2026

We're upgrading the Digital Notice Board to deliver a **more powerful, interactive, and user-friendly communication experience** across Announcements, Posts, and Polls.

Key Highlights

Smarter Communication Creation

- Structured creation for announcements, posts, and polls
- Attach files, images, and rich content
- Schedule, set expiry, and manage lifecycle
- Tag priority (Normal, Important, Urgent)

Advanced Targeting & Delivery

- Multi-select audience targeting with granular filters
- Multi-channel delivery: In-App, Email, SMS, Push, WhatsApp

Action & Insights

- Read receipts and acknowledgement tracking
- Engagement insights (views, responses, participation)
- Clear action indicators for users

Upcoming

Update

Scheduled for 20 March 2026

What's New

Advanced Targeting & Delivery

Multi-select audience targeting with granular filters
Multi-channel delivery: In-App, Email, SMS, Push, WhatsApp

Action & Insights

Read receipts and acknowledgement tracking
Engagement insights (views, responses, participation)
Clear action indicators for users

Interactive & Engaging Experience

Respond to posts with comments and replies
Like/react to posts and participate in discussions
Seamless poll participation with real-time response visibility

Improved Viewer Experience

Modern, feed-based interface for better readability
Filter by categories (Academics, Events, Exams, etc.)
Clear indicators for unread, important, and urgent updates
Access attachments, media, and content in one place

What This Means

The Digital Notice Board evolves from a **one-way announcement tool** into a **complete communication and engagement platform**—helping institutions inform, engage, and track effectively.
